

# ROBERT BAKER, M.A.T., M.A.

Senior Instructional Designer | Learning and Development Strategist

Greer, SC | rlbaker87@gmail.com | linkedin.com/in/robert-baker-ma

---

## SUMMARY

---

Strategic L&D leader with 10+ years of experience designing and scaling learning solutions across complex environments. Proven ability to lead enterprise-wide programs, build AI-integrated learning experiences, and partner with executive stakeholders to align learning strategy with business objectives. Background spans healthcare enterprise learning, classroom instruction, and athletic coaching. Brings a performer-centered, results-focused approach to every project.

## CORE COMPETENCIES

---

**AI Integration and Innovation:** Microsoft CoPilot Custom Agent Development, Advanced Prompt Engineering, AI Upskilling Program Design, AI Workflow Automation, ChatGPT, Claude, Gemini, Perplexity

**Learning Strategy and Leadership:** Enterprise Learning Strategy, Program and Event Management, Cross-Functional Team Leadership, Executive Stakeholder Engagement, Budget Management (\$50K+), OKR Alignment, KPI Development and Reporting, Kirkpatrick Evaluation Model

**Instructional Design and Development:** ADDIE and SAM Methodologies, Needs Assessment and Gap Analysis, Scenario-Based Learning, Microlearning Strategy, Experiential Learning Design, Lego Serious Play, Performance Support Systems

**Compliance and Regulatory Training:** HIPAA, EMTALA, Stark Law, Anti-Kickback Statute, OSHA, DHEC, FEMA, Environment of Care, Multi-State Compliance Frameworks, Audit Readiness

**Learning Technologies:** Articulate 360 (Storyline, Rise), Camtasia, LMS Administration (Cornerstone, Blackboard, Canvas), Microsoft Project, SharePoint, Google Workspace, VR Content Delivery, Workday

**Stakeholder Engagement:** Cross-Functional Collaboration, Executive Partnership, Influence and Alignment, Relationship Building, Presentation Development and Delivery

## EXPERIENCE

---

**Senior Instructional Designer** | Prisma Health | Greenville, SC

October 2024 - Present

*Continued and expanded core instructional design responsibilities while taking on strategic and leadership initiatives including:*

- Pioneered the organization's first AI-integrated leadership development program (Innovation Forge): designed a 60-minute experiential session for 75+ senior healthcare leaders combining a custom Microsoft CoPilot coaching agent, Socratic methodology, Lego-based crisis simulation, and the "5 P's of Prompting" framework; rated 4.7/5 by attendees and now serves as the departmental model for AI-integrated learning.
- Serves as overall Project Manager for the annual Learning and Leadership Symposium, directing 30+ contributors across six cross-functional teams to deliver a 400+ attendee enterprise leadership event with \$50K+ budget responsibility and accountability to senior leadership; achieved 4.74/5 average session quality rating.
- Co-leads departmental AI upskilling strategy, designing program architecture, session frameworks, and learning maps to build team AI fluency; supported by departmental infrastructure including prompt libraries and governance documentation to standardize AI integration.
- Co-led redesign of enterprise-wide annual compliance training for 30,000+ team members across South Carolina and Tennessee, covering HIPAA, EMTALA, Stark Law, Anti-Kickback Statute, and information blocking standards; reduced completion time and generated measurable productivity savings while maintaining full regulatory compliance and audit readiness.

- Led enterprise-wide Microlearning Strategy initiative, developing organizational standards and a comprehensive deployment strategy approved by leadership for rollout across a 30,000+ employee system.
- Serves as preceptor and mentor to new instructional design team members, supporting onboarding, skill development, and professional growth.
- Designs and develops blended learning solutions for enterprise-wide initiatives, partnering with subject matter experts and stakeholders through the executive level to assess needs and define learning objectives.

#### **Instructional Designer** | Prisma Health | Greenville, SC

*March 2022 - October 2024*

- Progressively led key aspects of the annual Learning and Leadership Symposium: Session Planning and Logistics Lead (2023), expanded to Design and Development and Media and Technology oversight (2024), earning increased scope through demonstrated results.
- Designed organizational effectiveness training supporting system and behavioral change initiatives, including software adoption, operational improvement programs, and Just Culture principles integration.
- Developed the organization's foundational Microlearning Toolkit, establishing design standards and templates to support consistent microlearning implementation across the department.
- Designed and delivered operational learning programs for high-risk environments including First Receiver protocols (HAZMAT, biological, chemical, radiological threats), warehouse safety, chemical handling, fire safety, and emergency response, integrating OSHA, DHEC, and FEMA standards throughout.
- Partnered with cross-functional stakeholders and subject matter experts to conduct needs assessments, identify performance gaps, and develop targeted learning solutions aligned to business objectives.

#### **Teacher and Head Wrestling Coach** | Mauldin High School | Mauldin, SC *June 2019 - March 2022*

- Designed and delivered professional development workshops for faculty on instructional technology and effective teaching methodology, serving as lead curriculum designer and facilitator.
- Adapted curriculum and delivery for face-to-face, hybrid, and fully virtual environments during COVID-19, demonstrating flexibility across learning modalities.
- As Head Coach, held personnel authority over assistant coaches including staffing decisions, task delegation, and performance development; managed program budget, fundraising, and resource acquisition within financial constraints.
- Used performance data to identify individual and team gaps, develop targeted instructional responses, and measure improvement over time.

#### **Educator and Technology Integration Specialist** | Multiple Institutions | GA and SC *2011 - 2019*

- Designed and delivered curriculum across multiple high school and collegiate settings for diverse learner populations, applying both pedagogical and andragogical principles.
- Piloted Google Apps for Education and Chromebook integration across three high schools; developed and facilitated lessons using early VR technology, demonstrating consistent early adoption of emerging learning tools.
- Led Communities of Practice for teachers across multiple subjects, fostering collaborative professional learning and shared instructional improvement.
- Designed and delivered professional development for colleagues on data gathering, tracking, and analysis to inform instructional decisions.

## **EDUCATION**

---

#### **University of North Georgia** | Master of Arts in History | 2014

*Major: American History. Thesis on Martial Culture in the U.S. Officer Corps.*

#### **North Georgia College and State University** | Master of Arts in Teaching | 2011

*Major: Secondary Education, Social Studies. Coursework in Curriculum, Instructional Design and Technology.*

#### **Carson-Newman University** | Bachelor of Arts in History | 2010

*Liberal Arts Education. Coursework in History and Education.*
